THE NATIONAL ANTHEM

The Star-Spangled Banner
Lyrics by Francis Scott Key
Music by John Stafford Smith
Vocals by Joseph A. Mazzarella '26
and Gabriel T. Staples '26

O say, can you see, by the dawn's early light,
What so proudly we hailed at the twilight's last gleaming,
Whose broad stripes and bright stars, through the perilous fight
O'er the ramparts we watched, were so gallantly streaming?
And the rockets' red glare, the bombs bursting in air,
Gave proof through the night that our flag was still there,
O say, does that star-spangled banner yet wave
O'er the land of the free and the home of the brave?

THE ALMA MATER

From *Finlandia*
by Jean Sibelius
Vocals by An Ho '26 and Kayla Kutes '26

Mother of Truth, we proudly pledge to thee
Undying love and steadfast loyalty.
From thee we learned the wondrous work of God,
His goodness, grace, and holy power;
Clear hast thou shown what pathways must be trod;
All fearless now we brave life's hour!

Though failure frown, though kindly fortune smile,
Firm our advance; naught can us e'er beguile.
To honor bound, to love and virtue sworn,
Lift we our voice in full acclaim;
Our lives shall thee with noble deeds adorn;
Hail Providence! We praise thy name!

MARYBETH CANAVAN

PHILANTHROPIST AND ADVOCATE HONORARY BACHELOR OF ARTS IN PHILANTHROPY

MaryBeth Canavan is a resolute philanthropist and advocate for medical ethics and rare disease research. Alongside her husband, former college trustee M. Joseph Canavan '65, who died in April 2020, she has played a pivotal role in supporting scholarships, athletics, and academic initiatives at Providence College.

Mrs. Canavan's profound dedication to improving lives is evident in her support for the Kate Foundation for Rett Syndrome Research, named for her granddaughter. Since its founding in 2009, the nonprofit has raised more than \$900,000 to fund scientific research seeking the reversal of Rett Syndrome, a rare genetic neurodevelopmental disorder primarily affecting girls. She has co-hosted the foundation's biennial gala fundraiser and actively promotes awareness and research about the disease.

With her husband, a college trustee from 2005-2015, Mrs. Canavan has been a longstanding philanthropic partner with the college. In 2007, the couple provided the lead gift to construct the Canavan Sports Medicine Center in Alumni Hall. Ten years later, they made a long-term commitment for sports medicine-related resources to target the physical and psychological well-being of student-athletes. It doubled the size of the center and helped outfit the athletics innovation lab in the Ruane Friar Development Center.

Mrs. Canavan has been an active participant in college events and donor recognition programs. The M. Joseph and MaryBeth Canavan Scholarship Fund was established in 1987 to benefit female student-athletes. The Canavan Family Fund in Medical Ethics allows the Department of Health Sciences to present an annual undergraduate conference on health and society. It is planned and produced by students, supported by faculty, and features academic paper presentations by students and their peers from local and regional colleges.

Mrs. Canavan is a native of New Haven and studied at Quinnipiac University. She has been an award-winning Realtor on the Connecticut shoreline for more than 30 years. She is a board member of the Mary Wade Home, a skilled nursing facility in New Haven, and helped organize its fundraisers and capital campaigns during the past 16 years. In recognition of her community contributions, she was chosen by the New Haven Club of Providence College to receive its prestigious Veritas Award in 2024.

Mrs. Canavan resides in Branford, Connecticut, and is a member of St. John Bosco Parish. She is the mother of three, including Traci E. Canavan '89, and has four grandchildren.

ACADEMIC REGALIA

Academic regalia, rooted in traditions that began at 12th century European universities, conveys historical significance and specific meaning to contemporary academic ceremony. Often lacking buildings of their own, those universities would undertake teaching and learning in churches, with academic activities involving both clerics and laypeople. Historians suggest that scholars of the day wore hoods and long robes as a means for staying warm in unheated church buildings. From those origins has evolved a colorful tradition rife with symbolism and meaning.

According to standards adopted by American universities, the cut of the gown signifies whether the wearer has a bachelor’s, master’s, or doctoral degree, with the doctoral robe adorned with three bars on each sleeve and front panels. The hood represents both the wearer’s field of study and the institution that awarded his or her degree. Headwear, both the mortarboard cap and tam, and the tassel itself, may be assigned to represent a specific field of study.
